

A one of a kind build
needs a one of a kind window

WCW
PRO3
PROGRAM

3 more reasons why our windows are
the perfect fit for your project.
Custom Colour, Flexi-Jamb™ liners and
Transferable Lifetime Warranties

 **WEST COAST
WINDOWS™**
— EST 1976 —
DESIGNED FOR LIFE®

Introducing

The West Coast Windows Pro 3 Program

Created specifically with architects, designers, and builders in mind

1 Custom Colour

Trying to work out the colour palette for your project can be tricky and time consuming. We have simplified this process so you now have one less item to worry about. West Coast Windows does all its own colouring in house with no limitation to the tones or shades available. Pick from standard colours or bring in a sample and we will match our windows to it. Since we apply the solar reflective coloured coating while your windows are being built, we control the entire process and warranty the finish for an industry-leading 25 years.

2 Flexi-Jamb™

Our proprietary Flexi-Jamb™ liner is a one-touch system allowing for up to 1/2" of adjustments on the window depth. At the finishing stage of your project, you can manipulate this full frame jamb to sit flush with your drywall without discrepancies. Installation adjustments may require as much as 1/2" in one area and as little as 1/8" in another. Simply push and pull this versatile finishing aide to the desired depth and fasten. West Coast Windows Flexi-Jamb™ allows for easy adjustments, stain grade detailing and vastly improves the finishing time-line and budget.

3 Transferable Lifetime Warranty

At West Coast Windows, our focus is on quality, not quantity. We differ from other companies by providing personalized service from start to finish. From our prompt, free estimates to post installation follow up, we are a part of your team and ready to assist you. We will come and measure all your framed openings and ensure that our new products are the perfect fit. Every window is custom made locally and tailored for your project. West Coast Windows sticks with you until the end by supporting all of our products with an unlimited lifetime and transferable warranty.
