TRIPLE-GLAZED
SLIDING WINDOW

FEATURES:

- Contemporary design** with squared off frame and sash
- Engineered for strength** to support triple-glazing
- 4" frame depth** with better thermal performance
- Easily removable track and sash** for simple cleaning

A true, triple-glazed sliding window. Our new **Vantage Series Window** is built with a full 1 ¼" triple-glazing to maximize performance and 7/8" dual-glazing is also available. Security, strength and performance come standard and along with a design that is clean and contemporary. This series has a 4" frame depth which keeps the glass to the warm zone of the wall and comes with a double weather seal. Simple and smooth operation in both slider and single-hung configurations allow for quick and easy ventilation or egress. Vantage series windows are easy to open, easy to clean and perform at a level that sliding windows have never reached before.

1. Double weather seal
2. Fusion welded frame & sash
3. Contemporary design
4. Superior u-value
5. Triseal super spacer
6. Engineered for strength
7. Low profile design
